Dear Sir or Madam,

Attached is a new Notification of Hazardous Waste Activity for our facility. On August 13, 1980, an earlier notification was made to EPA and ID #IAD000222653 was issued to our facility. The RCRA Act was amended on October 21, 1980 to exempt "mining wastes" from facilities such as ours from the regulations.

On September 1, 1989 EPA removed this exemption and now our facility will be subject to compliance with all of the RCRA regulations by March 1, 1990. The new notification reflects the current generation activities at our plant and the previous notification is not relevant.

If you have any questions please contact me.

Sincerely,

Thomas E. Anderson, P.E.
Environmental Control Engineer
